

Bearing Mounted Clutches (EBMC)

Normally-off electromagnetic clutches with simple construction and stationary field for reliable torque transmission.

Product family: Clutches and Brakes

Manufacturing: In-house

Engineering: Custom configurations available

Technical Specifications

Specification	Details
Type	Electromagnetic, Normally Off
Construction	Single plate dry type, stationary field (no slip rings)
Operation	Engages with DC voltage, disengages via prestressed springs
Features	Slotted armature for torque stability, maintenance-free, backlash-free
Applications	Industrial machinery requiring precise torque transmission
